

VACANCIES: SERVICE ENGINEERS REQUIRED

B&B Attachments is the market leader in the supply and service of forklift truck attachments and masts in the UK. Due to continuing growth in service contracts we are looking to appoint service engineers to support our service activities throughout the UK. In particular we have vacancies in the South East and Midlands areas.

As a skilled mechanical engineer the successful candidate will be responsible to the Service Manager but must have the ability to work on their own initiative and be able to organise their own work schedules. Product training will be given. Experience with hydraulics, and some knowledge of basic DC electrics would be an advantage, as would computer skills. Good communication skills, both verbal and written, are necessary as technical reports are required on a regular basis.

Salary and package will be based on the candidate's experience and will include the use of a service vehicle. A clean driving licence is required.

Please make immediate contact with:

Mr A Scarlett, B&B Attachments, Unit 39 Colbourne Crescent, Nelson Park, Cramlington, Northumberland, NE23 1WB.

For further information telephone Mr A Scarlett on 01670 737373 or email service@bandbattachments.com.
